- Deployment of Tills (CentOS)
- Administration of tills using puppet
- VMware Workspace ONE (MDM) administration
- Automation tools (puppet)

Education

04/2018 – present
Soshanguve

Baccalaureus of Technology - Software Engineering
Tshwane University of Technology ⧉
- Development Software
- Information and Technology Management
- Artificial Intelligence
- Human-Computer Design
- Advanced Development Software
- Project Research
- Knowledge Management

2012 – 2015
South Africa

National Diploma Information Technology
University of South Africa
- Web Design (HTML5, CSS3)
- Interactive Programming (JavaScript, PHP, Android Java)
- Graphical User Interface Programming (VB.NET)
- Network Technical Skills
- Workstation Technical Skills
- Object-Oriented Analysis
- Database Practice (Oracle 11g)
- Software Project Management
- Structured Systems Analysis and Design
- Operating System (Linux, Bash Scripting)

2006 – 2008
Douala, Cameroon

DEC
ISTDI
- Introduction to Computer
- Introduction to programming
- Networking CISCO Level 1
- Networking CISCO Level 2
- Networking CISCO Level 3
- Networking CISCO Level 4
- Multimedia Photoshop
- Multimedia Illustrator
- Operations Systems

2002
Douala, Cameroon

Baccalauréat (Matric)
- Mathematics
- Physics
- Chemistry
- Informatics
- Geography
- English
- French

Certificates

- 200-301 CCNA ⧉

Courses

11/2022	**Red Hat Enterprise Linux Technical Overview** *IBM Skills Build*

01/2023   **Learning Linux for LFCA Certification** ⧉
coursera
- Managing Linux Systems
- Securing Linux Systems
- Linux Fundamentals
- Linux Cloud and DevOps

01/2023   **Linux: I/O Redirection for DevOps** ⧉
coursera
- Understand how i/o (input/output) and redirection works in Linux
- Use Linux redirection operators with commands to manipulate and redirect data
